

## SPEAKER

**Prof. Theodoros Tokas**

**Theodoros Tokas, MD, Ph.D., FEBU**, is a urologist specializing in endourology, laparoscopic urology, and MRI/US fusion prostate biopsy. Dr. Tokas grew up in Athens, Greece, and completed his Urology residency at Athens Medical School, 1st Department of Urology. His fellowship training in laparoscopic and robotic Urology, endourology, and lasers occurred in SLK Kliniken, Klinikum Heilbronn, Department of Urology, Germany. He continued working as a consultant urologist in Diakonissen Krankenhaus Flensburg, Germany (2013-2014) and a senior consultant urology in LKH Hall in Tirol, Austria (2015-2022). Dr. Tokas's research interests include innovative imaging in prostate cancer, training, and ergonomics in laparoscopy and endourology, as well as active renal and ureteral stone treatment and endourology of the lower urinary tract. He has participated in more than 90 studies based on the above topics. His research efforts have earned him the title Doctor of Philosophy (Ph.D.) from the University of Athens and scholarships and grants from the Greek Urological Association and the European Urology Scholarship Program (EUSP) of the European Association of Urology (EAU). Dr. Tokas is an active member of various sectors and research groups. He has also been a European Urology Residency Education Program (EUREP) tutor of endourology. He has participated as an ESU/EAU tutor of laparoscopy and endourology in more than 50 national and international meetings. He is an Associate Board Member of the European Section of Urological Imaging (ESUI) and the European Section of Uro-technology (ESUT). Dr. Tokas is currently working as an Assistant Professor of Urology in the Department of Urology, University General Hospital of Heraklion, University of Crete, Medical School, Heraklion, Greece. At the same time, he works in the private sector in Athens, Greece.
